## Permission (Reusing this file)

This is a faithful photographic reproduction of a two-dimensional, public domain work of art. The work of art itself is in the public domain for the following reason:

The author died in 1926, so this work is in the **public domain** in its country of origin and other countries and areas where the copyright term is the author's **life plus 80 years or less**.

You must also include a United States public domain tag to indicate why this work is in the public domain in the United States. Note that a few countries have copyright terms longer than 80 years: Mexico has 100 years, Jamaica has 95 years. This image may *not* be in the public domain in these countries, which moreover do *not* implement the rule of the shorter term. Côte d'Ivoire has a general copyright term of 99 years, but it *does* implement the rule of the shorter term.

This file has been identified as being free of known restrictions under copyright law, including all related and neighboring rights. (<https://creativecommons.org/publicdomain/mark/1.0/deed.en>)

The official position taken by the Wikimedia Foundation is that "*faithful reproductions of two-dimensional public domain works of art are public domain*".

**This photographic reproduction is therefore also considered to be in the public domain in the United States.** In other jurisdictions, re-use of this content may be restricted; **see Reuse of PD-Art photographs for details.**
